Awards / Shimla Ranks First In Ease of Living Index

## Shimla Ranks First in Ease of Living Index

Shimla City ranked first in the Ease Of Living Index (EoLI) among the cities having population below 10 lac. This is a matter of pride for the State Govt. and the Citizens of Shimla. Ease of living Index is an objective evaluation of the liveability of a city. In the results announced today by Ministry of Housing & Urban Affairs, Govt. of India, **SHIMLA RANKED NUMBER 1 TAKING A LONG STRIDE FROM THE RAKING IN 2016 WHEREIN SHIMLA WAS RATED AT 92<sup>ND</sup> PLACE.** The ranking of Shimla in the Ease of Living Index is an indication of the pace of development and the commitment of the State Govt. towards the welfare of the public.

It is pertinent to mention here that Ministry of Housing & Urban Affairs in order to assess the progress made in cities through various initiatives and empower them to use evidence to plan, implement & monitor their performance had launched two Assessment Frameworks, viz. Ease of LivingIndex (EoLI) and Municipal Performance Index (MPI) 2019. Both these indices were designed to assess quality of life of citizens in 100 Smart Cities and 14 other Cities having population more than 10 lac.

Ease of Living Index is aimed at providing a holistic view of Indian cities – starting from the services provided by urban local bodies, the effectiveness of the administration, the outcomes generated through these services in terms of the liveability within cities and, finally, the citizen perception of these outcomes. The key objectives of the Ease of Living Index were four-folds, viz. 1) generate information to guide evidence-based policy making; 2) catalyse action to achieve broader developmental outcomes including the SDG; 3) assess and compare the outcomes achieved from various urban policies and schemes; and 4) obtain the perception of citizens about their view of the services provided by the city administration. Ease of Living was based on assessment of ease of living of citizens across three points i.e. Quality of Life, Economic Ability and Sustainability which were further divided into 14 categories across 50 indicators.

The ranking of the Shimla as Number 1 is a reflection of the development that has taken place in the recent years in the State. Unprecedented development in the fields of education, health, public works and other sectors as well and decline in the crime rate in the State have added to the liveability of Shimla City. Continuous and uniform planned development in the State despite adverse situations arising because of Covid-19 pandemic is perfect example of dedication and citizen friendly administration of the state Govt.

→ Shimla Ranks First in Ease of Living Index

→ Shimla Ranks No. 1 in Sustainable Development Goals (SDGs)

वार्ड में लोगों के अपने मकान के Basement में उनको अपनी गाड़ी खड़ी करने की सुविधा दी जाए।

Resolutions

जैसाकि विधित है कि वार्ड में पार्किंग की बहुत समस्या है इसी सन्दर्भ में प्रस्ताव किया जाता है कि नगर निगम शिमला के पटयोग वार्ड में लोगों के मकान में जो Basement है उसमें उनको अपनी गाड़ी पार्क करने की अनुमति मिलनी चाहिए। इससे वार्ड में लोगों को आ रही पार्किंग की समस्या से निजात मिल सकती है।

अतः प्रस्ताव किया जाता है कि वार्ड में लोगों के अपने मकान के Basement में उनको अपनी गाड़ी खड़ी करने की सुविधा दी जाए।
